

AXCOR PROFILE 600

THE NEW BENCHMARK ON THE HIGH-MEDIUM MARKET

In the crowded world of medium-high power lighting units, the AXCOR PROFILE 600 stands out for its high level performance and the superior quality of its light.

Its most interesting feature is its great versatility of use. This light can be used on every occasion, making it

an indispensable tool that all rental companies should have.

It fits a white LED engine and is available in two versions: a model that delivers 28,000 lumens, 6500 K and a CRI of 70, or alternatively a model that delivers 21,000 lm, 5600 K and a CRI of 90. The luminous efficiency of both versions

is among the highest in this power category, and it can be further increased by about 25% if necessary thanks to a boost mode.

Its wide zoom, from 5.3° to 47.2° (1:9 ratio), means the light can be used flexibly in every application, including when a narrow angle is preferable.

MAIN FEATURES

- Source: 500W white LED engine
- Versions available:
 - CRI: 70, CT 6500K, 28000 lm (Axcor Profile 600)
 - CRI: 90, CT 5600K, 21000 lm (Axcor Profile 600 HC)
- Ø 132mm front lens
- 5,3° - 47,2° linear zoom
- CMY + linear CTO
- One color wheel with 5 colors
- One rotating gobo wheel with 7 gobos
- Rotating 4-facet prism
- Animation wheel (interchangeable with fixed gobo wheel)
- Motorized framing system with 4 focal planes
- Linear frost filter
- Iris with multiple macros (random, pulsing...)
- Electronic linear dimmer, 16 bit and 4 curves
- Electronic strobe @25 f/sec
